OBJECTIVE

Undergraduate Software Engineer with hands-on experience in full-stack development, seeking impactful opportunities to build secure and scalable software.

WORK EXPERIENCE

Intern Software Engineer

American Premium Water, Dec 2024 – June 2025

Smart Business Card Scanner & CRM

React · Node.js · MS SQL · Azure OCR · GitHub Actions

Developed a tool for sales teams to scan business cards, auto-extract contact info, and manage follow-ups. Implemented OCR-powered card scanning to extract Name, Phone, and Email automatically. Enabled tagging of contacts, adding notes, and setting follow-up reminders. Built a deal tracker with visual reports for sales monitoring. Deployed the solution on Azure VM with CI/CD configured via GitHub Actions.

Admin Panel for Mobile App Management

React · Node.js · MS SQL · Azure VM · GitHub CI/CD

Developed a role-based admin system to manage mobile app users and features. Assigned user roles, sent alerts, and tracked user feedback. Monitored user statistics and generated custom reports while ensuring singleton admin access for full system control.

PROJECTS

IoT-based Agricultural Monitoring

Group Project

IoT with Arduino for soil moisture detection, auto-watering, and SMS alerts.

Tech Stack: React, Express.js, Node.js, MySQL, Arduino, C — [GitHub](#)

book365.lk – Sports Facility Booking Platform

Solo Project

Real-time slot booking, availability lookup, and search by location.

Tech Stack: React, Express.js, Node.js, MySQL — [Link](#)

Route Planning Application

Internship Project

Web tool for automated route validation and address feasibility checking.

Tech Stack: React.js, ASP.NET, MsSQL

Food Delivery App (Microservices)

Group Project

Tailor shop website for order management and delivery using microservices.

Tech Stack: Flutter, Node.js, MongoDB, Docker, Kubernetes — [GitHub](#)

MediX - Healthcare Management System

Team Project

Admin, employee, and doctor portals with leave tracking, scheduling, and appointment booking.

Tech Stack: React, Express.js, Node.js, MySQL — [GitHub](#)

TECHNICAL SKILLS

Programming

C, C#, JavaScript

Web Development

Node.js, Express.js, React.js, PHP, HTML, CSS

Frameworks

Bootstrap, ASP.NET

Databases

MongoDB, MySQL, MsSQL

Other Tools

Postman, GitHub, Figma, Azure

EDUCATION

BSc (Hons) in IT Specializing in Software Engineering

2022 – Present

Sri Lanka Institute of Information Technology (SLIIT) – Year 4, Semester 1

G.C.E A/L in Physical Science

2019 – 2021

Zahira College, Mawanella

SOFT SKILLS

Project Management, Teamwork, Time Management, Leadership, Effective Communication, Critical Thinking, Analytical Skills

CERTIFICATIONS

API Fundamentals Student Expert – Postman

Software Engineer Intern (Verified) – HackerRank — [Certificate](#)

Basics of Data Structures and Algorithms – SkillUp

ACHIEVEMENTS

SLASSCOM National Ingenuity Awards under University Category 2025

2nd Place – Algothon (CodeFest) 2024

2nd Place – SciFest (SLIIT) 2024

Gold Medal – Kaohsiung International Invention Design EXPO, Taiwan (2019)

Finalist – Intel International Science and Engineering Fair (ISEF), USA (2019)

Gold Medal – International Young Inventors Award, Indonesia (2017)

President's Scout Award – Sri Lanka Scout Association (2022)

Gold Medal – National Muay Thai Championship (2020)

REFEREES

Mrs. Nirmala Kolugala

Assistant General Manager, American Premium Water

Phone: +94 77 733 7224

Email: nirmala.kolugala@gmail.com

Mrs. K. R. C. Koswatte

Lecturer / Manager Academic Affairs, SLIIT Kandy Campus – EWIS
